

# Mt. Airy Net Annual Report 2022

Dear Friends, Neighbors, and Donors,

With covid well in the rear view mirror and things seeming to be settling down, we were expecting a return to calmer times. The struggles with the economy did not allow that to happen. In fact we saw the number of guests growing considerably starting around March and continuing to increase month after month right into 2023. In 2022, the Mt Airy Net saw an increase of over 61% in guests compared to the prior year. This set a new record of number of guests supported in a single calendar year, that is until we finish 2023.

As we planned for the 2022 year we understood that the need in the community would still be great and perhaps even increase. Little did we realize how large of an increase in need there would be. We exceeded our planned financial support by over \$60,000 due to the significant increase in new guests. Because of the great support of the Mt Airy community we were able to make up about \$5000 of that in increased income. That, and the generosity of everyone over the past few years allowed the Net to continue to serve the community even though our expenses were approximately \$23,000 more than our 2022 income.

While financial support is critical to our organization in supporting our guests, the Net would be unable to effectively accomplish our mission without the support of the large number of individuals volunteering their time conducting food drives, picking up donations from local restaurants, and helping in the office as well as pantry area.

**THANK YOU Volunteers**

Acting President, Board of Directors
